ECO CLUB

WORLD ENVIRONMENTAL DAY

05th JUNE 2024

REPORT

The Eco club, AIMAN College of Arts and Science for Women organizing a **World Environment Day**, observed annually on June 5th, is a global event aimed at raising awareness and promoting action for the protection of our environment. In 2024, the day was marked with various initiatives and activities around the world, all geared towards addressing pressing environmental issues and fostering a sustainable future. By encouraging our students to plant trees in their homes and communities, the day inspired meaningful action and fostered a sense of environmental responsibility among the youth, paving the way for a greener and more sustainable future.

Our Students were tasked with planning and planting at least one tree in their homes or communities. This simple yet impactful activity served multiple purposes. Firstly, it helped in combating deforestation and promoting biodiversity. Trees play a crucial role in mitigating climate change by absorbing carbon dioxide and providing habitats for various species. Additionally, planting trees in residential areas can improve air quality, reduce soil erosion, and enhance the overall aesthetic appeal of the surroundings.

Moreover, engaging students in tree planting activities provided an opportunity for environmental education and awareness-raising. By actively participating in the process of planting and caring for trees, students gained first-hand knowledge about the importance of environmental conservation and the role they can play in it.

WORLD ENVIRONMENTAL DAY – 2024

REPORT

ECO Club and Institution Innovation Council, AIMAN College of Arts and Science for Women, jointly organized the Pencil sketch drawing and Speech competition on the occasion of **"World Environmental Day - 2024"**. Competitions held on the topics are **"Our Land, Our Future"** on 24th June 2024. The Pencil Sketch Drawing Competition totally eight participants to create artwork that reflects the world environmental day theme. The goal was to visually interpret concepts related to Environmental Issues, Climate Changes and Biodiversity.

The Speech Competition encouraged participants to address the topic of "The Importance of Reforestation" through speeches. Totally, twenty students participated in this competition. The events not only highlighted the participants' talents but also fostered a greater awareness of environmental issues.

Eco - Club in chargers Ms. S. Indhumathi, Assistant Professor, PG Department of Food Service Management and Dietetics and Ms. N. Prasanna Devi, Assistant Professor, PG Department of English coordinated the competitions. In the events students were participated enthusiastically. The Eco Club's World Environmental Day Competitions successfully engaged in the college campus.

REPORT

1. Name of the Program : Grow Organic Garden with Leafy Vegetables or Vegetables
2. Date of the Program : 09.09.2024 – 16.09.2024
3. Total No. of Students Participated : 134
4. Total No. of Staff Participated : 02
5. Staff Coordinators : Mrs.M.Jasmin uhanitha, Ms. S.Indhumathi
6. Place : Herbal Garden, AIMAN College of Arts and Science for Women, Tiruchirappalli.
7. Activity Type : Vegetables seedlings

The "Grow Organic Garden with Leafy Vegetables or Vegetables" initiative was organized by ECO Club and PG Department of Food Service Management and Dietetics to encourage sustainable gardening practices and promote healthy eating habits within our college community. The program aimed to educate participants about the benefits of growing organic vegetables and to provide hands-on experience in gardening.

Objectives

1. **Sustainable Gardening:** Promote organic gardening techniques among students and faculty.

2. **Nutritional Awareness:** Educate participants on the health benefits of leafy vegetables.
3. **Environmental Responsibility:** Encourage eco-friendly practices on campus.

Following the Program, participants moved to the designated Herbal gardening area in our campus. Activities included:

- Clearing the area and preparing the soil
- Creating compost from organic waste
- Planting seeds and seedlings of various vegetables like Tomato, Chillies, Brinjal and Fenugreek leaves, etc.,
- Watering the garden beds in every morning.
- Volunteers committed to regularly caring for the garden, ensuring its continued growth and sustainability.

This program successfully engaged 134 students, who showed enthusiastic participation throughout the event. Their active involvement in planting and caring for the garden highlighted a strong commitment to sustainable practices and healthy living. The collaborative spirit fostered during the initiative not only enhanced learning but also strengthened community ties within our college.

On September 10, 2024, the ECO Club of AIMAN College of Arts and Science for Women and L&T Initiative successfully organized a tree plantation program at the Herbal Garden on campus. This initiative aimed to promote environmental awareness and enhance the green cover of our college, while also encouraging students to take an active role in protecting and nurturing our ecosystem.

The event saw enthusiastic participation from over 20 students. A total of 10 saplings were planted.

The program commenced at 3.30 PM with a brief introduction by Ms. S. Indhumathi, ECO Club coordinator, who highlighted the significance of tree plantation. Participants were divided into groups, each assigned specific areas within the Herbal Garden for planting. With tools and saplings provided, the groups worked collaboratively, creating a vibrant atmosphere of teamwork and dedication.

Together, we can make a difference!

AIMAN College of Arts and Science for Women, Unnat Bharat Abhiyan working in collaboration with Tamilnadu State Institute of Rural Development and ECO Club organized a **"Tree Plantation Program in the LSDG Theme of Clean and Green Village"** on 12.09.2024. Totally 60 students from ECO Club actively participated in this event. Ms. S. Indhumathi seek permission from the School Annai Indra Gandhi Higher Secondary School, Vannangkovil, Trichy.

The students, along with the teachers, agreed to plant trees in the campus of the school. Various types of tree saplings like **Albizia Julibrissin, Papaya, Custard Apple, Poovarasam, Jamun Tree and Almond Trees** were planted in the school premises. She explained to the students the importance of different trees that were planted. She also talked about how planting trees helps to regulate the temperature and absorb all the carbon dioxide from the air. Students talked about how planting trees helps to make the surroundings greener and how trees serve as homes to many birds and animals. She also suggested that every student should at least plant one tree per year as it will help the world to fight against global warming.

The tree plantation program successfully achieved its goals, highlighting the importance of community involvement in environmental conservation.

"Rainwater Harvesting: A Step Towards Water Security and Sustainable Living"

Report

The ECO Club along with NSS of AIMAN College of Arts and Science for Women successfully organized an awareness program titled "Rainwater Harvesting: A Step Towards Water Security and Sustainable Living" on February 3, 2025, at Our UBA adopted village of Navalurkottapattu. The event aimed to educate and inspire the community about the importance of rainwater harvesting as a sustainable solution to water scarcity.

A total of **117 enthusiastic students** participated in the program, actively engaging with the local community. They utilized charts and pamphlets to effectively communicate the methods, benefits, and long-term impact of rainwater harvesting. These materials served as valuable tools in raising awareness and encouraging practical steps toward achieving water security and promoting sustainable living.

The collective efforts of the students ensured the program was well-received by the attendees, leaving a lasting impression on the significance of conserving water resources for future generations. This initiative highlighted the dedication of the ECO Club and the student body toward environmental sustainability.

REPORT ON

DEMO MOCK DRILL - FIRE SAFETY AWARENESS PROGRAMME

The Demo Mock Drill – Fire Safety Awareness Programme was successfully conducted by **National Scheme Service (NSS), ECO Club and Bhumi Club** of AIMAN College of Arts and Science for Women, held on 23.04.2025 in collaboration with the Tamil Nadu Fire and Rescue Services. The event co-ordinators were Ms. N. Prasanna Devi & Ms. P. Sajana Devi, Assistant Professor, PG Department of English. The programme aimed to educate students and staff about the importance of fire safety, emergency preparedness, and the correct usage of fire-fighting equipment.

The event began at 11:00 a.m. in the college open auditorium with a welcome address by Dr. M. Munafur Hussaina, Principal of AIMAN College. The chief guest, Mr. Sakayam Fransis, Station Officer from the Fire and Rescue Department, delivered an engaging and informative session on fire prevention techniques, types of fire extinguishers, and procedures to follow during fire emergencies. Following the theoretical session, a live demonstration was conducted on the college grounds, showcasing the proper use of fire extinguishers and evacuation methods. 79 students, 52 faculty members, 54 non – teaching staff and volunteers from the student body actively participated in the demonstration, gaining hands-on experience under expert supervision.

The programme concluded with a Q&A session, where students clarified their doubts and learned practical tips for fire safety in both domestic and institutional settings. The vote of thanks was delivered by Mrs. M. Jasmine Uhanitha, Vice Principal & Head of the Department of Nutrition and Dietetics.

The event proved to be highly beneficial and informative, reinforcing the importance of safety awareness and readiness to respond effectively during fire-related emergencies.
