YOUTH ExNoRa INTERNATIONAL

WORLD ENVIRONMENTAL DAY

World Environmental Day is celebrated on 5th June each year. The aim behind organizing this program was to give awareness to people about keeping the environment clean and safe from pollution. For this purpose, plant more trees to purify the air and make the earth green. This year our college student ExNoRa team in collaboration with **Mahatma Gandhi National Council of Rural Education Department of Higher Education, Ministry of Education, Government of India** organised various activities under the theme **"ONLY ONE EARTH!"**

AIMAN student ExNoRa took part in **"Build up! Outdoor classrooms and healthy open places on Campus"**. This proved that our campus grounds provide excellent learning opportunities on plant resources and the natural world around the campus. Proper land use can transform our campus into biologically diverse outdoor classrooms and healthy resources.

Second activity we take part in **"Greening and Greenery Rating"** This activity showcased our Green area in the campus which reduces air pollution and helps thriving diverse local species of plants. We measure the green area in the campus using Google Maps. Then Monitor and manage the green area on the campus.

Thirdly we took part in **"Reinforcing Greenery on Campus"**. In this, we actively participated in the **'Plant Protection Management'**, the major thrust areas of plant protection are promotion of Integrated Pest management, ensuring availability of safe and quality pesticides for sustaining crop production from the ravages of pests and diseases, streamlining the quarantine measures for accelerating the introduction of new high yielding.

Fourth activity we took part in **"Zero waste Championship"** The teams will coordinate with the students in segregating the waste generated on the campus. The teams will guide the students in segregation of the waste before disposing/ dropping the waste into the bags. The teams will initiate

and complete Organizing Composting process for green waste, Herbal Garden maintenance, Fix Leaking Taps/ Put Waste Segregation Bins at appropriate places.

Our fifth activity with MGNCRE is "**Our Green Decisions**" our team make a green campus video which explains how, Why and What aspects of green initiative of the campus and students explained the procedures and process involved in making the Campus Green and Eco - Friendly. Finally the video link was submitted to mgncre2022@gmail.com

This is to commemorated to raise awareness about Environmental issues, the increasingly deteriorating conditions, climate changes etc. this day acts as a reminder to people to be more considerate and aware of the Earth's existing conditions, in terms of the environment.

In appreciation of this activity with **Mahatma Gandhi National Council of Rural Education Department of Higher Education, Ministry of Education, Government of India**, the Principal Coordinator Dr.Suhashini Ernest. (Principal) along with MGNCRE Coordinator Mrs. B. Farhan and ExNoRa Staff Advisor Ms. A. Harini received the certificates.
