AIMAN College of Arts and Science for Women,
K.Sathaur, Trichy

ECO FRIENDLY ENVIRONMENT

A green campus is a cleaner, Safer and Healthier place to Live and Work and also a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus.

Environment safeguarding is under way in the college campus. The following are the green practices that are initiated in the campus to promote eco-friendly practices in the campus:

1. Students/staff using:

- In our campus staff and students come to the college by using bicycles, college bus and by sharing vehicles
- No Vehicle day to create awareness on Pollution free environment
- Good numbers of students are use bicycles to reach the campus. By using bicycles students are contributing towards maintenance of greenery in the campus. Care is taken to restrict public vehicle entry into the campus and specific parking area is allotted for faculty and students.

2. Plastic free campus

- Reduced plastic use in the campus
- Segregating wastes and using the right degradable and non-degradable bins
- Youth Exnora International of AIMAN College of Arts and Science for Women creates an awareness among students about environment, so as to make them good environmental citizens
- Clean Campus Initiative by the Management to maintain cleanliness in the campus
- Collaborating with Municipality, Swachh Bharat encourage the students to maintain clean environment

Student volunteers of NSS conducted clean and green programme in the college campus in order to generate awareness about green and peaceful earth. The college restricts the usage of plastic bags in the campus. Special awareness programmes were organised on plastic free environment in and around the campus. Sufficient dustbins are placed in the appropriate places and Swachh Bharath slogans are also displayed.

3.Green landscaping with trees and plants

The college campus has trees and plants that make the environment carbon dioxide free. Plantation programmes have been taken up by the NSS, LEO, ECO club and EXNORA for increasing the green cover inside and outside the campus. Awareness among the students and staff on energy conservation is created by display boards at appropriate places. Switching off all the electrical activities when they are not in use and Swachh Bharath slogans are also displayed.

- Herbal garden with medicinal plant maintained in the campus
- Lawns and gardens maintained
