Introduction:

On International Women's Day, February 13, 2024, at exactly 11.30 am, Bharathidasan University Business Development Centre Director, Department of Botany Dr. D. Senthil Kumar, Dr. R. Balasubramani, Department of Library and Information Science, Bharathidasan University, Trichy, Dr. Kasi A.M.M. Kader Bux Husain Siddiqi, President, Aiman College of Arts and Science for Women, and Dr. P. Vani, Principal, Aiman College of Arts and Science, Trichy, inaugurated the CLIS course in a grand manner. First, a Tamil-Thai greeting song was sung, followed by divine worship. Dr. Kasi A.M.M., Kader Bux, President of our college, welcomed the special guests, honored them with gifts, and spoke to the students about the importance of reading, library work, and the use of libraries. The Certificate Program in Library and Information Science (CLIS) is being launched with the objective of catering to the staffing needs of rural libraries as well as imparting basic skills and training in library

management. Since most rural libraries are being managed by untrained people, it will provide them with an opportunity to take up basic training in the library and information science professions.

Trained human resources are required to occupy various lower positions in libraries, documentation centres, and information centres and institutions in the country. For instance, professionally trained human resources at different levels are necessary to manage libraries in schools, colleges, universities, government departments, commercial and industrial establishments, scientific research institutions, R&D establishments, public libraries, etc., set up by central, state, and local and corporate bodies.

Goals:

The main goals of the program are to:

- Sensitize library and information science professionals at the grassroots level.
- Impart basic skills and training in library management and information handling.
- Give an opportunity for professional skill development to those who are already working in libraries and do not have any professional qualifications.
- The main objective of the C. Lib.I.Sc. Course is to make students competent with basic information skills, both traditional and modern.
- The students will be prepared as efficient, progressive, human professionals with initiative, drive, and integrity.

Chief Guest Motivation Talk:

The special guest, Dr. T. Senthil Kumar, addressed the students on the importance of the CLIS course. The special guest, Dr. R. Balasubramani, Department of Library and Information Science, Bharathidasan University, Trichy, clearly explained what are the

functions of libraries, what is the importance of library studies, what careers one can go after studying library studies, what is the relationship between library studies and research, what is the need for books at national and international levels, and what is the history and achievement of library father Dr.S.R. Ranganathan in libraries. He addressed the students through a discussion.

He also clearly stated how important the need for libraries is to the home and country. Dr.B.Vani, the principal of our college, welcomed the special guests, welcomed their views, and asked the students to use this rare opportunity to get a good position and to study along with a degree course and a certificate course to become qualified booksellers, researchers, and scientific scientists. Modern communication technologies are utilized for imparting educational inputs to students in a relaxed and convenient manner, while counselling at study centres is intended to provide the students with the opportunity of periodic face-to-face interaction with the tutors.

Conclusion:

Students and teachers patiently listened to the discussions of the event and listened to their doubts and professional clarifications about the course.

At the end, the vote of thanks was proposed by Ms. S. Sharmila, Assistant Librarian, AIMAN College of Arts and Science for Women, Trichy. The program was concluded successfully at 1 p.m.

Overall, students and staff members encouraged this program.
