Library and E- Resource Centre

Library Orientation

Venue: Seminar Hall

Date: 22.7.2024

Library is compared to the heart of an educational institution. It supports the needs and thirst of the users of the institution. The goal of an education institution is to support the teaching and research needs. The main objective of the user orientation is to introduce the library facilities, resources, services and library techniques to the users. The orientation programme makes the users familiarize with the resources and increases the use of libraries.

On 22/07/2024 at 9.30 am a library orientation program was conducted for 1st semester UG students by the librarian of AIMAAN College of Arts and Science, Seminar Hall. 272 students participated in this program. In the event, librarian Dr. S. Kanagasundari gave a power point presentation and gave every detail about the library, its concept, importance of library in students' life, facility and services of Aiman College Library, how to implement N-list, NDLI and its benefits. She also shared information about how to use e-magazine, e-books, etc. in AIMAAN College's digital library. The program concluded at 11.00 am with the librarian clarifying the students' wishes.

Online Catalogue (OPAC) of the Library and other electronic resources (online journals, databases etc.) were also introduced in the session for the students in computer-classroom environment. Overall the event was an informative and interactive programme.
