CENTRAL LIBRARY OF AIMAN COLLEGE

Organizes

“Library Tour”

Venue: Anna Centenary Library, Chennai and Mahabalipuram

Date: 11.09.2024

A Library visit was organized by the Central Library of AIMAN COLLEGE, AIMAN COLLEGE OF ARTS AND SCIENCE FOR WOMEN from 11 September 2024 for the students. The one-day tour started with a word of prayer. Our group of 55 students accompanied by four staff left AIMAN COLLEGE, Trichy at 1.30 a.m. and we reached Anna Centenary Library by bus at noon.

The Anna Centenary Library (ACL), a state-of-the-art library was inaugurated on September 15, 2010 on the occasion of the 102nd birth anniversary of the former Chief Minister of Tamil Nadu Dr. C N Annadurai popularly called ‘ANNA’. By reason of his great interest towards the books and library, this library is named as ‘Anna Centenary Library’. The foundation stone laid on August 16, 2008, completed in a short span and declared open to the public from 20th September 2010.

The centralized air-conditioned library encompassed ground and eight floors. At present, it hosts three and a half lakh books covering a wide range of subjects to serve the information needs of the public, academic and corporate communities. ACL had a Braille Section, Own Books Reading Section, Children Section, Periodicals and Newspapers Section, Tamil books Section, English Books Section and senthatamil sirpikal. The library was one of the best libraries ever.

After reaching the library, Dr. S. Kanaga Sundari, the Librarian took permission from the presidency officer, there and took the students. Our faculty (Dr. S. Kanaga Sundari, Ms. S. Sharmila, Mrs A. Pappa and Ms Prasanna Devi) explained to the students in detail about the resources and sections available and what the benefits are.

The Anna library has a total number of eight floors. On the ground floor, Photographs of leaders and information about their local history and works are engraved on the stones. It has been wonderfully designed to the extent that today's community and students can learn many concepts that are unknown to them. This floor also included a physically challenged person section.

On the next floor, the (first floor) is own book reading section and also includes children's sections designed where children can learn through play and created a section to encourage children's science development and scientific research and periodical and magazine section.

The Second floor is the site for Tamil lovers. This site contains over 90000 Tamil books. All types of Tamil books useful for Tamil researchers and periodical sections are also included.

The Third floor is the site for Library and information science and Computer science

The fourth floor arranges the literature books, including fiction, drama poetry, texts and translations. In addition, it's which also contains world classics in literature such as tansy, action and adventure, crime a mystery and also this section included economics.

The fifth floor is the site for Mathematics section. These floors have physics, chemistry, physical education, science medical and biology books etc. It's also available competitive examination books with useful for future carries.

K.Sathanur, Tiruchirappalli-620 021

The sixth site was designed as a research and public sector site. These sites include engineering, agriculture, architecture, music and entertainment. It also preserved competitive examination books for future users.

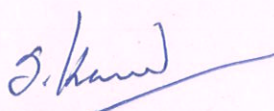

On the seventh floor is a palm leaf manuscript. It has been brilliantly collected and displayed to attract Tamil fans. Here they are equipped with modern software so that they can easily understand and learn the subjects.

The eighth floor is the visitor's floor, administrative section and e-resources section. It is equipped with modern software for easy understanding of subjects and more than 15000 books have been digitized for oral teaching.

Next, we went to Mahabalipuram where we enjoyed seeing the artistic sculptures and stone carvings by the students. Finally we took them to the beach and treated them, finished dinner properly and returned to college around 4.00 am.

CONCLUSION OF THE LIBRARY TOUR:

On the whole, the visit was a huge success. We were amazed to find such a wonderful reading centre where all the students were given excellent facilities. The tour was also helpful to know about the operative functioning of each department or institution's library in detail. It was very helpful to develop the research ability of the students. We have also collected the feedback from the students.
