A International one-day Workshop on “**E-Commerce Fast Track: Build Web space with AI**” was jointly organized by Internal Quality Assurance Cell (IQAC) & Department of Library, AIMAAN COLLEGE OF ARTS AND SCIENCE FOR WOMEN, K.Sathanur, Trichy-620 021, Tamil Nadu, India on “28.01.2026”

Introduction:

The **International One Day Workshop – Self Driven Activity on “E-Commerce Fast Track: Build Web Space with AI”** was organized with the objective of equipping participants with contemporary digital competencies essential for the rapidly evolving e-commerce ecosystem. The program emphasized the practical integration of Artificial Intelligence in building web space, managing online platforms, and enhancing digital business efficiency. In the present digital era, where online presence plays a crucial role in academic, professional, and entrepreneurial success, the workshop served as a timely initiative to bridge the gap between traditional knowledge and emerging AI-driven practices. During the session, the Resource Person **Dr. R. Maheswaran, University Librarian, University of Perdeniya, Sri Lanka**, provided an insightful overview of the transformation of e-commerce through Artificial Intelligence. He explained how AI tools simplify website development, reduce technical barriers, and enable users to create professional e-commerce platforms with minimal coding knowledge. The guest highlighted the role of AI in areas such as website design

automation, content generation, product recommendation systems, digital marketing optimization, and customer engagement.

The resource person further elaborated on how AI-driven web spaces are not limited to commercial enterprises alone, but are equally relevant to academic institutions, libraries, startups, women entrepreneurs, and self-employed individuals. He emphasized that AI empowers learners to move from idea to implementation at a faster pace, thereby supporting innovation, self-reliance, and global competitiveness. Real-time examples and practical explanations shared during the session helped participants clearly understand the application of AI in real-world e-commerce scenarios.

The workshop also stressed the importance of ethical and responsible use of AI technologies. Participants were sensitized to issues related to data privacy, security, and user trust while building and managing online platforms. Overall, the program created awareness, inspired confidence, and motivated participants to explore AI-enabled e-commerce solutions for academic enrichment, career advancement, and entrepreneurial development.

Objectives of the Program :

- To understand the role of AI in modern e-commerce platforms.
- To learn fast-track methods for creating web space using AI tools.
- To gain awareness about digital marketing, online transactions, and customer engagement.
- To encourage students and faculty to explore e-commerce as a career and entrepreneurial opportunity.
- To promote self-driven and technology-enabled learning.

Programme Outcomes:

At the end of the program, participants were able to:

- Understand AI-based e-commerce concepts and applications.
- Identify tools for quick website development and management.
- Recognize the importance of AI in digital marketing and business analytics.
- Apply knowledge gained to academic, professional, and entrepreneurial activities.
- Develop interest in innovation and digital business models.

Learning Outcomes:

Participants gained:

- Knowledge on AI-assisted website creation and e-commerce platforms.
