IQAC & Department of Computer Applications

Name of the Program : World Computer Literacy Day Celebration
Participated : Sweepers, Scavengers and Drivers
Place : Conference Hall
Date : 2nd December, 2024.

World Computer Literacy Day is observed annually on *December 2nd* to emphasize the importance of computer literacy and promote digital skills across the globe. This day is dedicated to bridging the digital divide and ensuring that everyone has access to computer education and the opportunity to develop technological skills.

Significance

In today's digital age, computer literacy is essential for both personal and professional development. It enables individuals to access information, communicate effectively, and participate fully in the modern economy. World Computer Literacy Day highlights the necessity of basic computer skills and encourages initiatives to provide these skills to as many people as possible.

On December 2nd, Internal Quality Assurance Cell & Department of Computer Applications jointly celebrated World Computer Literacy Day with a special event. Mrs. J. Shahira Begum, an Assistant Professor in the Department of BCA, was the Guest Speaker. She addressed the critical issues of scam calls and scam messages, providing valuable insights on how to avoid these scams, particularly focusing on sweepers, scavengers, drivers, and other illiterate individuals.
