Date	: 17 th August 2024

The workshop aimed to provide participants with a comprehensive understanding of how to integrate front-end technologies with back-end services, focusing on creating dynamic and responsive web applications.

The program commenced with Qirat by Ms. M. Juvairiya of III BCA, N. Shihana of III-BCA welcomed the gathering and introduced the Guest. The vote of thanks was proposed by Ms. N. Shihana of III-BCA.

The Skill shop on Mock Interviews was an incredibly valuable experience. The workshop was well-organized and provided participants with practical insights and hands-on practice in a simulated interview setting.

Content and Structure:

The content was comprehensive, covering various aspects of the interview process, including common questions, effective communication techniques, and strategies for handling difficult scenarios. The structure of the workshop was clear and allowed participants to engage actively.

Facilitation:

The facilitators were knowledgeable and approachable. They provided constructive feedback that was specific and actionable, which helped in understanding the areas of improvement. Their ability to create a supportive environment where participants felt comfortable was commendable.

Overall Experience:

Overall, the workshop was highly effective in preparing participants for real-world interviews. It was a great blend of theory and practice, and I would highly recommend it to anyone looking to enhance their interview skills.
